STAT

Please have [] check the attached chronology against any account of the history of intelligence oversight that may be outlined in the Church Committee Report. I think some of the items on this list are wrong (i.e., the Church and Pike Committees really represented the establishment of the Select Committees on Intelligence), and the list should include Executive Order 11905, which was President Ford's effort at oversight and an attempt to prevent "statutory" charters.

I use this occasionally for lectures to classes, etc. Is it accurate? Do you have any additions?
